PROFILE SUMMARY

- Enthusiastic and detail-oriented Full Stack Developer (MERN stack) with a solid foundation in web development gained through academic projects and hands-on experience.
- Proficient in React, JavaScript, MySQL, MongoDB, and Node.js, with a passion for learning new technologies and frameworks. Collaborative team player with strong communication skills and a proactive approach to problem-solving. Eager to leverage skills and education to contribute effectively to software development projects.

CORE COMPETENCIES

- Sound understanding of React for building interactive user interfaces.
- Knowledgeable in JavaScript for developing dynamic web applications.
- Familiarity with MySQL and MongoDB for database management.
- Hands-on experience with Node.js for server-side development.
- Strong analytical and problem-solving skills.
- Ability to work effectively in a team environment and independently.
- Detail-oriented with a commitment to writing clean and maintainable code.
- - Quick learner with a passion for staying updated with latest industry trends.

CERTIFICATION & TRAINING

- Full stack development course in GUVI – React, JS , My SQL , Mongo Db , Nodejs

SOFT SKILLS

- Critical thinking
- Self-Motivated
- Speed typing

TECHNICAL SKILLS

Front-End Skills – (React & JavaScript)

- React fundamentals (component-based architecture, hooks, state management)
- JavaScript ES6+ features (let/const, arrow functions, destructuring)
- Asynchronous programming (Promises, async/await)
- Component styling (CSS Modules, styled-components, Material-UI)
- Responsive design and media queries
- Front-end build tools (Webpack, Babel)

Back-End Skills – (Node.js & Express.js)

- Node.js (asynchronous I/O, HTTP request handling)
- Express.js (building RESTful APIs, middleware, error handling)
- Security (authentication with JWT/OAuth, authorization, data validation)

Database Skills – (MongoDB & MySQL)

- MongoDB (CRUD operations, schema design, indexing)
- MySQL (SQL querying, database design)
- Data integration (connecting databases with back-end applications)

WORK EXPERIENCE

- **Software Quality Engineer:** Ensured the quality and reliability of software through rigorous testing and validation processes.

-

EMPLOYMENT HISTORY (Previous)

- SENIOR SOFTWARE QUALITY ENGINEER (JUN-06-2022 – PRESENT).

EDUCATION

- **Bachelor of Engineering (Electrical and Electronics Engineering)**
Vels University, Chennai
Graduated: 2021
Percentage: 75%

- **12th Standard (Higher Secondary)**
Silver Jubilee Higher Secondary School
Percentage: 77%

- **10th Standard**
Raj Matriculation Higher Secondary School
Percentage: 88%
